

Car Ozone Generator **AP-C97**

Ozone Output:	20-50mg/hr
Electrical:	DC12V, 4W
Coverage Area:	Up to 110-sq ft (10 sqm)
Case:	Plastic
Control:	Charge when car on Produce ozone when car off
Power:	Cigar lighter plug
Dimension (LxWxH):	5.3" x Φ 1.8" (135* Φ 45mm)
Net Weight:	- kg

BEYOK
OZONE COZONE

Eliminate offending odors from cooking, pets, or smoke and replace with clean, fresh air. It improves indoor air quality, and creates better living environment, being a good friend for a healthy life.

Features:

- 110-sq ft capability
- Built-in, easily cleanable dust collector plates
- Built-in sealed multiple electronic protection devices
- Easy installation, and low maintenance
- No filters to replace
- With fan
- Low power consumption
- One year warranty

Benefits:

- Eliminates odors
- Freshens stale air
- Removes dust & pollutant
- Also generates safe levels of ozone, for superior odor reduction.
- Safe, quiet and energy efficient

Application:

- Auto
- Car
